

We want to work with businesses within our Woronora River community

Work is available maintaining our schools

School Infrastructure NSW manages a large maintenance program for more than 2,000 schools across all parts of NSW. To do this work, we are engaging local **small to medium businesses**, including Aboriginal owned businesses and Aboriginal employees, to maintain the schools within their local community.

We want to go local

We have changed our approach. We now directly manage our school facilities and have enlisted the support of new facilities maintenance contractors and tradespeople to work directly with us. We want to engage **local businesses** to support their **local schools**. This is an opportunity for small to medium businesses to deliver meaningful work to their school communities.

Why go local? We want to:

- be more responsive to maintenance issues reported by schools
- ensure we are working with local trades and spending our money in our local communities
- provide better working conditions for local tradespeople, including market rates and faster payment terms
- increase employment opportunities for apprentices and trainees in local communities.

Opportunities for Aboriginal businesses

As part of our engagement of local contractors, we are also seeking to grow the number of local Aboriginal businesses we work with and increase employment opportunities for Aboriginal employees, apprentices and trainees. Our Aboriginal Senior Program Officers are on hand to help sign up Aboriginal businesses, and local contractors who already employ or are looking to employ Aboriginal employees, apprentices, and trainees.

We are looking for preventative maintenance providers in the Woronora River area, specifically for the following services:

- Roofing Plumber
- Height access specialist
- Multi trade
- Builder
- Rigger
- Electrician
- Landscaper
- Arborist
- Appliance technician
- Solar specialist
- Plumber
- HVAC
- Mechanical service
- Fire specialist
- Air conditioning
- Gutter cleaner
- Artificial turf maintenance
- Pest control
- Test and tag
- Diesel Mechanic
